## OF COMPLETION

*Jeannie Blakemore Blakemore*

*The Science of Food: Lowering the Inflammatory Load Through  
Lifestyle*

In this 70 minute webinar Dr Cheryl Burdette speaks on the research around food sensitivities and allergies and why it is a viable and critical part of the management of inflammatory and oxidative pathologies. Diet as therapy is the backbone of integrative medical care.

*has completed the following course on 10th November 2024*
